

Western Slope Swim Coaches!

THIS IS A CALL TO ASSEMBLE!

Silas and I have organized a great clinic opportunity for all of you:

On the weekend of 16-18 October 09, Rick Bishop, of United States Swimming's Office of Sport Performance Consultants, has been scheduled to conduct a two day clinic in Montrose!

Check out the attachments: Rick's resume and the clinic syllabus. I think you will see that this is a great chance to enhance your coaching acumen. So, ask your club/school for \$\$\$ for a couple of nights' lodging, (@ \$89/night plus tax), and some more for food and pack your overnight bag for a weekend in Montrose during the second combined rifle season. (Bring some orange and wear it: you may be exposed in a parking lot...)

Seriously, this will be a great weekend for western slope swim coaches if we can get the whole group together for both organized presentations and most important: those informal sessions over food and drink when the real exchange of info takes place!

You can't beat the price. **THIS CLINIC IS FREE!** So, come join us 16-19 October, and help Silas and I pick Rick's brain. We need your help. (You know how limited the two of us are...)

I EXPECT TO HEAR AN AFFIRMATIVE FROM YOU SOON. Give me a call and make your reservation at Holiday Inn Express. Be sure to mention Swim Clinic to receive the discount rate, (remember the above mentioned hunting season.)

Dale, (970-243-0438 / 216-0803 / imflbkbrfr@bresnan.net)
